AGREEMENT.

Memorandum of agreement made this 17th day of May 1927 between the Bagerhat Central Co-operative Bank, Limited, a central society registered under the Co-operative Societies Act, II of 1912, and having its registered office at Bagerhat in Khulna district (hereinafter called the society) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of its office building the society has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing '39 of an acre or thereabout situate in the village of Sarai in the district of Khulna and more particularly described in the Schedule hereto and delineated in the plan* hereunto annexed.

* Not printed herewith but may be inspected in the office of the Subdivisional Officer, Bagerhat, in the district of Khulna.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 5A and clauses (a) and (b) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows :—

1. On demand the society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

On demand made by the said Collector the obligations of the society under the last preceding clause not being thereby limited, the society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the society of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the society of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the society.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the society.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon, in which case the Secretary of State shall repay to the society the market value as on the day of re-entry of all the buildings erected by the society and all sums received from the society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

NOTIFICATIONS.

No. 12741 E.A.—The 6th August 1927.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council makes the following rules subject to which the Commissioners of the Kurseong Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only:—

Darjeeling.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 120 at the time these rules are first applied to such holding, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

2. A fee as stated below must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe or a communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules :—

Value of holding.			Fees.
Rs.			Rs.
120 to 600	20
601 to 1,200	40
1,201 to 2,000	60
2,001 and upwards	100

Provided that if the Commissioners direct that a holding already served by a common communication-pipe in a manner otherwise than in accordance with the proviso to rule 3 hereof shall have an independent connection to a municipal main supply-pipe, they shall allow such connection free of charge, but the owner or occupier must fix on each such connection any or all of the parts or fittings as provided for in rule 7, except a meter which shall be provided at the cost of the Municipal Commissioners as laid down in section 295 of Bengal Municipal Act, unless the holding comes within the purview of rule 11 hereof

3. Except as provided below, each holding must have a separate connection to the municipal main supply-pipe, and extensions from the communication-pipe of one holding to another holding shall not be permitted :

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding ;

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction additional connection thereto.

4. The owner or occupier of the holding in respect to which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition, or which may be necessitated by any change in the municipal water-works or system of distribution, or by the defective condition of the connection or part thereof, or by any other cause whatever.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a Municipal officer.

(3) When the works required by rules 4 and 5 are carried out by the Commissioners the cost must be deposited before such works are commenced, and the owner or occupier on whose behalf the works are done will be responsible for any damage or repairs to or stoppage of the pipes after the same have been handed over by the Commissioners.

ORDERS BY HIS EXCELLENCY THE GOVERNOR OF BENGAL.

No. 8903A.—*The 8th August 1927.*—Whereas the validity of the election of Maulvi Azizur Rahman by the Mymensingh North-West (Muhammadan) constituency as a member of the Bengal Legislative Council has been brought in question by an election petition duly presented by Maulvi Muhammad Abdul Jabbar Pahlwan, under the provisions of Part VII of the Bengal Electoral Rules;

And whereas in accordance with the provisions of rule 45 of the said rules, the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor;

- (2) to direct that the said petitioner shall pay to Maulvi Azizur Rahman the sum of Rs. 1,506-15-3 as costs and to Mr. H. J. Twynam, I.C.S., Returning Officer, the sum of Rs. 150 as costs; and
- (3) to publish the said report, together with the supplementary report of the President of the Commission giving details of costs.

W. D. R. PRENTICE,
Chief Secretary to the Government of Bengal.

In the Court of the Commissioners appointed under rule 36 (2) (a) of the Bengal Electoral Rules.

Election Case No. 1 of 1927.

Maulvi Muhammad Abdul Jubbar Pahlowan ... *Petitioner*

versus

1. Maulvi Azizur Rahman.
 2. H. J. Twynam, Esq., I.C.S., District Magistrate and
 Returning Officer, Mymensingh ... *Respondents.*

Report.

Petitioner Maulvi Muhammad Abdul Jubbar Pahlowan was a candidate for election to the Bengal Legislative Council in November last. The constituency was the Mymensingh North-West Muhammadan constituency, which corresponds to Jamalpur sub-division. 5,816 votes were recorded. Petitioner secured 732 of these and was fourth on the list. The successful candidate Maulvi Azizur Rahman obtained 1,995 votes, and Maulvi Abdus Samad was second with 1,575.

Polling was on November 17th and 20th. On January 18th this election petition was filed by the candidate, 4th on the list, alleging that Maulvi Azizur Rahman had obtained his victory by bribery and corrupt practices. He also found fault with the Returning Officer's procedure, and made him a party to the case. He prayed that the election might be declared void.

A new election would be more likely to benefit the second candidate than the fourth. Maulvi Abdus Samad is in fact supporting the petitioner and it is suggested that being too poor to file such a petition himself, he persuaded Maulvi Abdul Jubbar Pahlowan to file it. The importance of this suggestion is that it affects the credit of Maulvi Abdus Samad who is the most important witness in the case.

This Commission was appointed on February 8th, and its first sitting was on April 19th. From March 5th onward the petitioner had been agitating for time to file a supplementary list of corrupt practices. But it was not till April 20th that the list was filed. On April 19th petitioner had begun examining witnesses. But respondent's pleader had stifled them all by objecting to the proof of facts outside the election petition. The written statement had ridiculed the election petition by asserting that the alleged bribe takers were creatures of the petitioner. So the petitioner naturally wanted to prove other instances where the bribe takers were independent.

But when the supplementary list was filed the respondent objected that section 33(3) of the Electoral Rules contemplates only an amplification of the election petition, not the introduction of new matter. It was argued that all new instances of bribery must be excluded from evidence as being time-barred. Various precedents were cited to support this contention. But the Commissioners decided to ignore the precedents rather than report to Government that there was no evidence of corruption because the evidence of 200 or 300 witnesses had all been ruled out on technical grounds. It cannot be the policy of the law to hush up all corruption that is not discovered within a couple of months of the election. For section 32 (1) (c) of the Electoral Rules shows that if a returned candidate is subsequently prosecuted for bribery and convicted he will be unseated. We therefore hold that an election petition which gives some instances of bribery may be amplified by further instances of it. But belated instances will of course need better proof.

The number of witnesses actually examined by the petitioner was 57. And 27 was examined by respondent.

The original election petition contained instances of bribery at five polling centres. And in four cases the names of both the giver and the receiver of the bribe were given. But only two of these instances have been brought to proof. They are a donation of Rs. 100 by petitioner's agent Abdul Jalil to Guthail school, and a donation of Rs. 200 by another agent Abdul Sattar to Balijuri school.

The supplementary petition purports to contain specific instances of bribery at 23 out of 26 polling centres. But almost all of them might have been ruled out for vagueness. For except at Jamalpur, Guthail, Sherpur and Balijuri no particulars were given beyond the fact that money had been freely distributed by certain of the respondent's agents. The bribe takers were not named nor the amount of the bribes. We were asked to rule out all these instances. But we decided to enquire whether it was really true that there had been such wholesale and public corruption. The story told is that respondent's agents stood just outside the enclosures at every polling station, pressing rupees into the hands of voters and telling them to vote for Nanna Mia (Respondent 1). Usually no protest was made by bystanders, though the agents and canvassers of other candidates were in the crowd. Only one instance is proved in which complaint was made to the polling officers, though all the

payments were made in the presence of hostile witnesses. The hostile witnesses in most cases did not think the incident worth mentioning to any body. Yet the petitioner had heard of all the instances within seven days of the election. The petitioner and Maulvi Abdus Samad both say that they complained at the polls. Yet neither of them made any complaint to the Returning Officer at the count. And the pleader who drew up the election petition did not think that this wholesale and public distribution of money was worth mentioning. The Commissioners are agreed that it is not true that money was distributed in this bare-faced manner. We are agreed that the following allegations of bribery, which are not mentioned in the election petition and not specified with any particularity in the supplementary petition and which are deposed to by only one witness each, or at most two, are quite incredible because of the publicity of the acts and the absence of complaint.

(1) Sribardi Centre: Gift of Rs. 300 to 150 voters by respondent's father Mainuddin Mia on polling day (P. W. 12). This was not put to Mainuddin in cross-examination.

(2) Chandrakona Centre: Seduction of 25 voters from petitioner's agent P. W. 19 by respondent's agent Taher Maulvi who gave them a rupee each at the polls. The witness gives the same unsatisfactory sort of evidence about Nahla Centre also, but with no details.

(3) Islampur: Payment of Rs. 5 to P. W. 31 by respondent's agent Faijulla to induce him not to vote. If Re. 1 is the price of a vote, the price for abstaining from voting should have been 4 annas. This witness is not in fact a voter.

(4) Ramrampur: Gift of 2 or 3 rupees by respondent's agent Naimuddin to several unknown men (P. Ws. 35 and 55).

(5) Bausi: Similar gifts by respondent's agent Danes Mujkuri to unknown voters (P. W. 39). A President (P. W. 22), who is related to petitioner was present at the polls but makes no mention of any bribery at Bausi.

(6) Sherpur: Similar gifts by respondent's agent Abu Mahammad to unknown voters (P. W. 48).

(7) Bangaon: Distribution of sweets and money to unknown men by Asiruddin and Mainuddin (P. W. 41). This witness makes the same vague statements about Nalitabari Centre also.

(8) Dewanganj: Similar gifts of Rs. 2 each by Pacha Mia to several unknown men (P. Ws. 12 and 20). P. W. 12 who saw the gifts was watching petitioner's interests there, yet made no complaint.

(9) Buxiganj: Seduction of a voter Toki Shekh by respondent's agent Sadagar from petitioner's agent P. W. 46 by a gift of Rs. 15.

(10) Nandina: Gifts of 2 or 3 rupees to voters by respondent's agent Hayetulla. P. W. 21 says he saw it. P. W. 30, Marriage Registrar, says that P. W. 21 shouted out that Hayetulla had paid Rs. 2 to Jhopi Dhuli. But P. W. 21 does not say so. And P. W. 11 heard and saw nothing. No complaint was made to the polling officer.

(11) Buxiganj: P. W. 33 says that respondent's father went to one Habil's house and gave him Rs. 200 to procure votes. This was on polling day. Such a payment would not be made at the last moment. The witness lives close to petitioner's house at Guthail, but says he had gone to Buxiganj, some 15 miles away, to see a doctor. There were other doctors nearer home and no adequate reason for preferring the Buxiganj doctor is given. The incident is not specially mentioned in either petition, and no question was put to Mainuddin about it in cross-examination.

(12) Offer of Rs. 500 by Mirza A. Haidar to the Vice-President of Sherpur Tanzim Committee to secure its support. P. W. 6, a Sherpur pleader, deposes that the offer was made to him a few days before the election in presence of the Secretary and Assistant Secretary and was refused. But these officers are not examined. This pleader was actually canvassing for M. Abdus Samad. Mirza A. Haidar deposes that he knew this. So he is very unlikely to have made the offer to him. And we are not prepared to rely entirely on Ainuddin, the pleader, because he is a partisan witness.

The petitioner concentrated his evidence on four centres, Jamalpur, Guthail, Kulkandi and Kajraikata (or Shampur). Seven or more witnesses gave evidence about each of these centres. Respondent's pleader points out that all those four places are strongholds of the enemy, that is, places where petitioner or his relatives live and are influential. It is obviously unlikely that respondent would send men with money to distribute openly in those places. And it is incredible that if he did, it would not be mentioned in the election petition. All these four places are indeed mentioned in the election petition, but not the particulars of the bribes. Kajraikata is only mentioned in it as a place where undue influence was used.

In the supplementary petition it was said that Abdnl Rasid and Abdul Sattar distributed money freely at Kajraikata. No details were given. But at the trial two witnesses (P. Ws. 26 and 34) told us that they saw Abdnl Rasid give Rs. 60 to Ahmad Repari for the local school, and two witnesses (P. Ws. 44 and 45) say they saw him give Jaher Rs. 20 to buy a clock for the *jumma ghar*. And one witness P. W. 27 says that he saw him give Rs. 40 to Ain Kamar to buy the votes of a group of voters. All these gifts were made on polling day.

Two of these gifts were in the nature of charitable donations. Such donations are not usually given on election day. They are given a considerable time before the election, so as to influence a large number of voters. Judging by the scale of payments at other centres the respondent would expect 60 votes for Rs. 60. But a payment of Rs. 60 to the

school Secretary on polling day would secure at most the votes of the individual committee men.

All the bribes were given on polling day. If the respondent sent out agents with bags of hundreds of rupees to 26 polling centres on polling day, he not only risked a criminal prosecution and an expensive election petition case, but he probably wasted his money. It must be a very unsatisfactory business transaction to bribe voters when the ballot is secret. For there is no means of keeping the bribe takers to their undertaking or of ascertaining whether they have kept their promise or not. If a candidate wishes to get a safe return for his money he must buy popularity, not promises. It is possible to buy popularity by lavish donations to local charities. But it requires time as well as money. No sane candidate would wait till polling day before making his gifts to charity. If the respondent gave money to these school committees and prayer houses at all, it must have been done before election day. And if it was before election day we cannot hold that the gift was a corrupt one because we do not know how long before it was. Possibly it was a year or more ago. In no case have the school accounts been produced. The headmaster of one school, Guthail, offered to produce a rough account, but he admitted that it did not tally with the school account. We do not believe that these gifts were made on polling day even if they were made at all.

The donation to Kajraikata school is proved only by a tenant of the petitioner and a relation of the petitioner. There was no talk of the number of votes that Rs. 60 was to secure. The gift is not specified in either petition. We do not believe that it was made. The story of two other witnesses that a group of voters bargained outside the polling enclosure for a pious donation to buy a clock for the prayer house is humorous but not convincing. It is not specified in either petition. The payment of Rs. 40 to Ain Kamar for a group of 20 voters just outside the polling enclosure is incredible because petitioner's father was only 20 yards away; only one witness vouches for the story. We do not believe it.

At Kulkandi two agents of respondent, named Umir and Masraf, are said to have given Rs. 20 each to three men or groups of men, and Rs. 15 to another, all just outside the enclosure. One of the gifts was for the *pathsala*. Two of these gifts are proved by two witnesses and the other by one. One weakness common to all the stories is that these criminal gifts were made in the presence of hostile witnesses. Petitioner's pleader complains of the difficulty of proving secret crimes. But we cannot admit that it is legitimate to get over the difficulty by giving false evidence that the crime was done in public. The evidence offered to prove these improbable gifts contains no internal evidence of its truth. And the gifts are not specified in either petition, though petitioner knew of them long before the election petition was filed. The election petition mentions specific bribes at Kulkandi, but they were said to have been given by respondent himself and his brother Pacha, not by Umir and Masraf, and they were given to entirely different persons from those named in the evidence. We disbelieve the evidence about Kulkandi.

No less than eight witnesses assert that respondent's agent Abdul Jalil gave Rs. 100 for the school and madrasa at Guthail on polling day. Guthail is the home of the petitioner's father, and his house is only a *rassi* or so away from the shop of Basiruddin where the money was paid. Petitioner's father is a member of the school committee. And his uncle is *ijaradar* of the bazar. Basiruddin, who received the bribe to secure votes for the respondent, was personally desirous that the petitioner should be elected. This gift of Rs. 100 to Basiruddin for the school is the most important item in the case because the election petition plainly refers to this transaction. But it speaks of it as an offer, not a gift. And it names the offerer as Pacha Mia, the respondent's brother, not his agent Abdul Jalil. This discrepancy is sufficient to support our view that if there was any gift or offer to this school at all it was at some unknown period prior to the election, not on election day. The witnesses significantly contradict each other as to when the money was divided between the school and the madrasa. And the school and madrasa accounts are not produced. We are not satisfied that this gift was ever made. And we entirely disbelieve that it was made on polling day.

The evidence of two other witnesses that respondent's agent Jalil also freely distributed money outside the polling enclosure to unknown men, and that he offered Rs. 3 to witness Bahadur who refused it is incredible to us because this village, Guthail, is the home of petitioner's father and full of his relations and dependants.

At Jamalpur where Adbus Samad lives and petitioner dwells and which is the headquarters of the subdivision, we are told that two agents of the respondent, named Mohiuddin and Har Prasanna Ganguli, were freely distributing money just outside the polling enclosure. This is an important instance because Maulvi Adbus Samad complained to the polling officer that bribes were being given in the crowd outside the enclosure. The polling officer was the local munsif and he is a witness.

Maulvi Adbus Samad says that he saw respondent's officer Surendra Ganguli give rupee 1 to a voter named Kalimuddi in the crowd outside the enclosure, and that he at once went and informed the polling officer, who came out and cleared the entrance. He admits that he did not give the munsif the name of the bribe taker, but says that he thinks he named a Ganguli and Mabiuddin as men who were distributing money. He did not point out the culprits to the munsif because Kalimuddi had entered the enclosure, and was mixed up with other people, and because the Ganguli had moved away from the entrance. He says that the munsif came out and caught hold of two men at random but let them go again.

The munsif says that Abdus Samad came and told him that some of the agents were offering bribes in the crowd at the gate of the enclosure. So he went out and dispersed the crowd. So far as he remembers no names were given to him at all, nor was he told which candidate's agents were the offenders. He did not enter the incident in the order sheet because he found nothing wrong.

The respondent has two officers named Ganguli, two brothers, Surendra and Harprasanna. Surendra was in Court and Maulvi Abdus Samed identified him as the culprit. But respondent has produced good evidence that Surendra was not in his service at the time of the election. He was out of his service for about four months and at the time of election was at his home in Dacca. Two postcards written by him, from Dacca to his brother have been put in to prove this *alibi*.

In the election petition the incident was not mentioned at all, though Abdus Samad (who is a Jamalpur pleader) was defending the petitioner in a criminal case at the time of election and must have had occasion to see him soon after it. Jamalpur was specially mentioned in the election petition as a place where there had been corrupt practices. But the only corrupt practice specified was the offer of money by petitioner's father-in-law Mirza Sahib to hostile voters to deter them from voting.

In the supplementary petition it was stated that Abdul Samad had seen two instances of bribery at Singjani school centre (which is in Jamalpur town), but Mohiuddin alone was named as the giver of the bribe and the recipient was not named at all.

Both Abdus Samad and the petitioner were present at the counting of the votes, and neither of them made any complaint to the Returning Officer.

It seems clear to us that, though Maulvi Abdus Samad complained to the polling officer that bribery was going on in the crowd, he did not really see any particular person give or receive a bribe and did not know which party's agent was at fault. He got his information from P. W. 28, an agent of the petitioner, who says that he saw Har Prasad Ganguli and Mahiuddin giving money to voters at Singjani school centre, and that he at once informed Abdus Samad about it. He says that he saw Mahiuddin pay Re. 1 to Kalimuddi and Rs. 2 to Mofizuddin. This of course contradicts Abdus Samad's statement that a Ganguli gave the Re. 1 to Kalimuddi. The witness tries to reconcile the discrepancy by saying that the Ganguli first gave the money to Mohiuddin. But he says that the Ganguli was Har Prasad, not Surendra and that he did not see Surendra there at all. Obviously Abdus Samad was not an eye-witness. And P. W. 28 cannot be relied on because he hopelessly discredits himself by his evidence about another incident. This other incident was at Jamalpur thana centre. The supplementary petition asserts that at that centre Har Prasad Ganguli paid Rs. 10 to one Goher, and that Mohiuddin paid Rs. 5 to Lal Mahmud and Rs. 10 to Dastur Mahmud, and that Mirza Sahib paid Rs. 2 each to five other men. The only witness to these payments is P. W. 28 and he says in examination-in-chief that he saw Mirza Sahib pay Rs. 3 to Goher, Rs. 4 to Lal Mahmud and Rs. 2 to Dastur. This of course disagrees entirely with the petition. But in cross-examination the witness disagreed with his own evidence and said that Rs. 4 had been given to Goher and Rs. 3 to Lal Mahmud. He also in cross-examination contradicts his own evidence about the incident at Singjani school centre and says that it was Har Prasad who gave the bribe to Kalimuddi, and that he gave it after Abdus Samad had raised the alarm.

The only other witness to the Singjani school incident is P. W. 7 who heard a row and saw a man run away. He heard no names. No evidence has been offered about the other bribes referred to in the supplementary petition as being given at Jamalpur. It is very unlikely that bribes would be given just outside the polling station at Jamalpur. And we are satisfied that the evidence about such bribes is not true. A deposit of Rs. 50 with a Jamalpur typist for payment to voters is mentioned in the supplementary petition. But the typist says that the money was not intended for payment to voters and that it was not spent. There is no other evidence on the point.

The alleged payment of Rs. 200 to the school at Balijuri is another important instance, because it finds a place in the original election petition. It was said in that petition that Rs. 250 had been given to Balijuri and Digpait school committees. But the name of the agent was not given. In the supplementary petition it was stated that certain agents of the respondent had admitted to Abdus Samad that Rs. 300 had been paid to Balijuri school committee and Rs. 250 to Hajrabari Madrasa committee.

No evidence has been given about any payment to Digpait school or Hajrabari madrasa. And Abdus Samad does not mention the donation to Balijuri school. But two witnesses (P. Ws. 23 and 41) say that respondent's agent Abdul Sattar paid Rs. 200 to the Secretary of Balijuri School Committee on polling day, and that Rs. 50 was to be paid later, but has not yet been paid.

P. W. 23, however, discredits his own story by saying that the respondent personally came and asked for the committee's votes 10-15 days before the election and that they told him they would vote for the nominee of the Calcutta Independent Moslem Party. Petitioner admits that the nominee of that party was the respondent. The respondent was therefore assured of the committee's votes 10-15 days before the polling day and there was no occasion to send a man to bribe them to vote for him. The witness admits that the committee voted for the respondent because they considered him the best man and that the donation did not influence their choice. He says it was only a rich man's subscription. The school accounts are not produced to show when the subscription was

paid. We do not believe that it was paid on election day or in connection with the election, and we are not satisfied that it was paid at all.

It was alleged in the election petition that the respondent had induced Abdus Samad to stand as a candidate. And the Public Prosecutor, Khan Bahadur Mahammad Ismail, has deposed that at the respondent's request he used his influence to induce Abdus Samad to stand for election, and that he understood that respondent would retire from the contest in his favour. If that was the understanding Abdus Samad of course has a grievance against the respondent. But it is not clear how the petitioner was injured unless he thinks that all Samad's votes would have gone to him if Samad had not been a candidate. If they had, the petitioner would have headed the poll. But no reason has been given to us for supposing that all Samad's votes would have gone to the petitioner. And to induce Samad to stand for election, even if it was a cunning trick to split the hostile vote, cannot be brought under the head of corrupt practices. A promise to retire in favour of Samad is not same as a promise of a gratification to induce him to stand. No gratification was offered. In the original petition it was said that the respondent promised to support Samad in his candidature for the Chairmanship of the Local Board if Samad would also stand for election to the Council. But Samad himself does not say that the respondent induced him to stand, nor does he say that respondent promised to help him in the local board election. There is no evidence of any such promise.

This finishes all the cases of alleged bribery. But the charge of treating remains. In the election petition it was alleged that respondent's agents treated voters at Sherpur, Nilakshia and Jamalpur to food after the election, and that sweets were distributed at Islampur, Baxiganj, Sribardi, Shapmari and Bangaon, and that *pan* and cigarettes were distributed at all centres. The supplementary petition added that sweets were distributed at Ramrampur and Dewanganj as well as Sherpur, and that oranges were distributed at Bausi.

Beyond a reference by the petitioner himself to an invitation to dinner at Sherpur no evidence has been given about the food after the election, and hardly any evidence about the distribution of sweets. Ainuddin, pleader, P. W. 6 says he saw petitioner's Sherpur agent bringing some sweets to the polls, but says nothing of their distribution. P. W. 48 says they were distributed at Sherpur thana centre which was not a centre at all. P. W. 41 speaks of the distribution of sweets at Bangaon. About 20 witnesses say that *pan* and cigarettes were provided at all centres. But the evidence is that all the candidates alike provided *pan* and cigarettes for the refreshment of voters, and that the stall keepers gave them freely to any body that wanted them. No promise to vote for any particular candidate was demanded, and no such undertaking was implied. The treating, therefore, did not amount to bribery. And as there is no evidence whatever that it had any effect on the result of the election, it is not a sufficient ground for declaring the election void. P. W. 36, who says he acted as respondent's election clerk (which respondent denies) deposes that *pan*, cigarettes and sweets were distributed at Sherpur. But he says that the *pan* and cigarettes were supplied and taken as a matter of courtesy and had no connection with the voting. He says that 60-70 voters took sweets and that they were given in secret. But he was admittedly betraying his employer by deposing in this way, and we cannot regard him as a reliable witness. He was in fact an accomplice and the only evidence to corroborate him is that of Ainuddin, pleader, a partisan.

The election petition also alleged that the respondent's agents had provided hired carriages to convey voters to the polls at Sherpur and Jamalpur. But again the only evidence is that of the treacherous clerk and the partisan pleader. It was only at Sherpur (if at all) that hired carriages were used, and the corrupt practice cannot have had any material effect on the result of the election.

The election petition says that ferry fares were paid for voters at Ambaria and Dighrichar ferry ghats. And the supplementary petition adds Sharmara (Ramrampur) ferry ghat. Three ferrymen were examined to assert that they carried voters free on an undertaking by Nanna Mia's agents to pay the cost. But it is admitted that all the villagers who habitually use a ferry have a yearly contract with the ferryman. And the attempts of the ferrymen to specify the amounts that they were paid for respondent's voters or by respondent's agents ended in hopeless confusion. The statement in the election petition that the fares were paid by Abdul Rasid and Abdul Sattar disagrees entirely with the evidence, from which no clear conclusion can be drawn as to who, if anyone, paid the fares.

The election petition also stated that the same agents Abdul Rasid and Abdul Sattar paid voters' railway fares from Dagi to Dusmot. The supplementary petition alleged that three other agents paid railway fares from Kendua Kalibari to Bausi. The first allegation has been abandoned. The second is proved by one witness only, a President, prosecution witness 22. He says that he was in the train on his way to Bausi on election day, and that when the train stopped at Kendua Kalibari he saw canvassers of all five candidates standing on the platform with bundles of railway tickets in their hands, distributing them to passengers. He gives the names of respondent's agents (Danesh Mukuri and Sashi Chaudhury), but he cannot give any other particulars at all. He cannot swear that the persons to whom tickets were given were voters or that the candidates paid for the tickets. There is no suggestion in the evidence that this sort of thing happened at any other station. The witness, though a President, did not report it to anyone. His description of what happened is vague. The story was not brought to light till five months after the election. We cannot say that the incident is true.

The original petition alleged that no polling took place in four of the notified polling places and that voters therefore could not vote. But no voter complains that he was unable to vote. And the Subdivisional Officer, who was in charge of the election, deposes that the four places specified in the petition have alternative names, and that they were properly notified and polling did take place there.

It was also alleged that voters were admitted to the polls after the specified hour at Jamalpur and Nandina centres. An attempt has been made to prove this. The Nandina postmaster (P. W. 42) says that he came by a train that is due to arrive at 3-30 P.M. local time, and that he reached the polling station 10-15 minutes later and was allowed to vote. He says that 10-15 men entered the enclosure after him. A marriage registrar (P. W. 30) says that the people inside the enclosure at Nandina were allowed to go out to say their prayers after 4 P.M., and that when they came in again, many late-comers came in with them. But he does not mention the name of any person who was a late comer or say that he particularly noticed any individual who came in at the re-entry and was not inside before. Even if this irregularity occurred at Nandina, it only meant an addition of ten or fifteen votes and did not affect the result of the election.

One witness (P. W. 38) deposes that respondent's agent took him to the polls to vote, and that the polling officer found that he was not a voter and excluded him. The voter was another man of the same name. This was apparently a *bona fide* mistake of respondent's agent. There is nothing in the petition about any fraudulent attempt by a non-voter to vote.

The petition made allegation of undue influence on tenants. But no evidence at all has been given of this.

The petition specified certain leaflets and pamphlets as being objectionable because they contained false statements about petitioner or because they did not bear the printer's or publisher's names. But the statements complained of reflect on the petitioner's conduct and capacity as a legislator, not on his private character or conduct. And no evidence has been given that they are false. One poster was exhibited which had no publisher's name. But the respondent exhibited the original poster and made it apparent that the lower portion of it had been cut off for the purpose of this case.

Another grievance of the petitioner was that the respondent's nomination paper had been improperly accepted since there was a mistake of a single letter in the respondent's father's name. The mistake in the printed copy had however been detected before the election, and had been corrected in as many copies as possible. The mistake was not such as could cause any doubt as to the identity of the candidate, and it would have been quite improper to reject the nomination paper. Petitioner's other complaints about the exclusion of candidates at the time of count and about the improper acceptance of the nomination of Giasuddin have been proved to be entirely without foundation.

The result is that we find that charge of wholesale and public bribery on election day is entirely false. And though considerable evidence has been given that donations were given to schools in order to procure votes we are not satisfied that the evidence is true. The evidence about corrupt practices is open to suspicion because the petitioner has specified in his petition every corrupt practice known to the law. A number of witnesses assert that *pan* and cigarettes were provided for the refreshment of voters and we cannot say that this is false. But as it was done by all the candidates, and as voters and spectators alike could refresh themselves at any of the stalls, it cannot have affected the result of the election. Instances of other corrupt practices specified above are too few to have affected the result, even if they are true. And there is so much that is false in the sweeping charges made by the petitioner that we cannot with confidence accept anything as true. Our conclusion is that there is no ground for declaring the election void.

In the result it appears that our decision to accept the petitioner's supplementary petition and to admit as evidence new instances of bribery was an unfortunate decision. It has resulted in a great waste of public time and money in recording a mass of untrue evidence. The petitioner, whose father is alive, is not a man of means, and will probably be unable to make good the loss. The security he has given is inadequate for the cost of so prolonged a trial.

We recommend that the election petition should be dismissed, and that the petitioner should pay the costs of both the respondents. Respondent No. 2 is the Returning Officer who has been wrongly made a party. The Government Pleader had to appear on his behalf. We assess his costs at Rs. 150. There is nothing in the election rules to make the petitioner liable for the costs of Government in setting up the Commission. We assess the costs of respondent No. 1 at Rs. 750 in addition to the sum paid for witnesses' expenses and process fees.

Pages 27-28—

Rule 68-II (1).

For clauses (a) and (b) and the notes thereunder *substitute* the following :—

Formula (1).

$$\text{Average pay} = \frac{A+B}{2} + \frac{(B-A)}{2} \left[1 - (R+1) \left\{ .014 + \frac{1-.01R}{F-E} \right\} \right]$$

Formula (2).

$$\text{Average pay} = \frac{A+E}{2} + \frac{(B-A)}{2} \left[1 - (R+1) \left\{ .021 + \frac{1-.015R}{F-E} \right\} \right]$$

In the formulæ (1) and (2),

A=minimum pay,

E=maximum pay,

R=period of rise,

E=average age at entry in the grade, and

F=average age at retirement on superannuation pension. This may be taken to be 55 in almost every case, unless there are special reasons to take it either at a lower or a higher figure.

Formula (3).

$$\text{Average pay} = \frac{A+C}{2} - \frac{(C-A)}{2} \left[1 - (S+1) \left\{ .006 + \frac{1-.004S}{G-E} \right\} \right]$$

In formula (3),

A=minimum pay,

C=Pay just before promotion to the second grade,

S=period of rise from A to C,

E=average age at entry in the first grade, and

G=average age at the time of promotion to the second grade.

Formula (4).

$$\text{Average pay} = \frac{1}{2} (A + W_1 B_1 + W_2 B_2 + X_1 C_1 + X_2 C_2).$$

Where A=the initial pay of the scale,

B₁, B₂=the maximum pay of the different sections of the scale, such as the ordinary scale, the scale for passed clerks,W₁, W₂=the proportion of the establishment which would normally be in the different sections, the maximum pay of which are B₁, B₂ respectively,C₁, C₂=the pay at the different efficiency bars, andX₁, X₂=the proportion of the establishment which would normally be detained at C₁, C₂ respectively.

NOTE.—Formula (1) is to be used in the case of gazetted appointments, while formula (2) in the case of non-gazetted posts. In cases where one grade is the channel of promotion to another grade, that is to say, where everybody in the first grade is ultimately promoted to the second grade, formula (3) may be adopted to find the average cost of appointments in the first grade. The use of formula (4) should be restricted to cases involving an elaborate scale, consisting of two or more sections with efficiency bars at one or more stages.

Date of effect—6th August 1927.

LAND ACQUISITION.

No. 12784L.A.—The 8th August 1927.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

F. A. SACHSE,

Secretary to the Government of Bengal.

AGREEMENT.

MEMORANDUM OF AGREEMENT made this fifth day of August 1927 between the Ghatal Peoples' Urban Bank, Limited, a Society registered under the Co-operative Societies Act, 1912 (II of 1912), and having its registered office at Ghatal in Midnapore district (hereinafter called the Society) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of its office building the Society has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, I of 1894, of the piece or parcel of land containing 0.10 of an acre or thereabout situate in the village of Konnagar in the district of Midnapore and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 5A and clauses (a) and (b) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows :—

1. On demand the Society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the

* Not printed herewith but may be inspected in the office of the Subdivisional Officer, Ghatal, in the district of Midnapore.

Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred, and all costs, charges and expenses of the proceedings in the aforesaid courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector, the obligations of the Society under the last preceding clause not being thereby limited, the Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Society of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Society of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Society.

4. The said land shall be held by the Society for the purposes of such office building as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said office building shall be completed (and fully equipped in all respects ready for use) within one year from the date on which possession of the said land shall have been given to the Society.

6. Should the said office building not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Society, and thereupon the interest of the Society in the said land and buildings shall absolutely cease and determine.

7. On taking such possession, the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Society.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Society the market value as on the day of re-entry of all the buildings erected by the Society and all sums received from the Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of fifteen per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

NOTIFICATIONS.

Minister-in-charge : The Hon'ble Hadji Mr. A. K. Abu Ahmed Khan Ghuznavi.

No. 2653M.—The 22nd July 1927.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.
Howrah.

2. The proposed plan will be taken into consideration on the 15th October 1927, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Plan.

1. The portion of the Bally Municipality which it is proposed to light with electricity is defined below :—

North—Bally khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill; thence along the line formerly occupied by that road to the existing Joya Bibi Lane; thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill; thence along the northern side of that road to its junction with Girish Ghosh Lane; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatala Lane; thence along the eastern and northern sides of Dharmatala Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Two hundred and sixty electric lamps will be installed as shown in the accompanying statement. The Commissioners have decided to enter into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rates Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of Rs. 8,552 per annum.

3. The Commissioners at a meeting proposed to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of the holdings situated within the area to be lighted as defined in paragraph 1 and within 100 yards on either side of the roads or lanes shown in the following statement and 100 yards beyond the last pole for street lighting on such roads or lanes. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 8,000. The present difference of Rs. 552 will be met from the general fund until the amount is covered by increased receipts under the head "Lighting tax" owing to the increased valuation of holdings.

Page 116—

Insert the following under this rule :—

Calculation of the amount of leave to be credited to the leave account of a Government servant, other than a military commissioned officer, on his permanent transfer from military to civil employ.

Audit instruction.—In calculating the amount of leave that should be credited to the leave account of a Government servant, other than a military commissioned officer, on his permanent transfer from military to civil employ, Fundamental Rule 77 (d) should be read with the provisions of the preceding clauses of that rule, so that such portion of the Government servant's military duty as, under the rules for the time being in force count for pension should be reckoned as duty for the calculation of the amount of leave to be credited under clause (b) of the rule.

In the same connection, a further point for consideration is whether in cases where a portion of the military service, which is allowed to count for civil leave under clause (d), was rendered prior to the 24th July 1923, the date on which “domicile” was adopted as the sole criterion for eligibility for admission to the benefits of the special leave rules, the proportion for the calculation of the credit in respect of that portion of the military service should be one-eighth or one-twelfth. This point will be decided by the Governor-General in Council in each case as it arises on its merits.

Date of effect—3rd January 1927.

Fundamental Rule 82 (b).

Pages 122-3—

Audit instruction.—Number the existing “Audit instruction” as (i) and insert the following as (2) :—

Reduction of leave in the leave account of Government servants of Vacation Departments.

(2) The term “each year of duty” should be interpreted to mean, not a calendar year in which duty is performed, but twelve months of actual duty. If the Government servant has enjoyed such vacation as falls within a period of twelve months beginning on the day on which he begins his duty on return from leave or otherwise, then one month should be deducted from his leave account. It does not matter whether the day on which this year ends falls in a vacation in the succeeding calendar year. The only question is whether the Government servant has enjoyed such vacation as fell within the period of one year as interpreted above.

If, to take an example, a Government servant before going on leave has not completed a full year of duty (including vacation) during the course of the second calendar year, then the fraction of one month which should be deducted from the leave account is the fraction which the period of duty, including vacation, bears to the whole year. If, to take a further complication, he has not enjoyed the whole of the vacation which fell during that period of less than a year, then the amount which should be deducted is the proportion of the period, which the proportion of vacation actually enjoyed bears to the whole period of vacation which fell within that period.

In the case of Government servants who are allowed two vacations in the year instead of one, the periods of the two vacations should be regarded as combined into one.

Date of effect—25th October 1926.

Date of effect—3rd January 1927.

Fundamental Rule 100 (a).

Insert the following under this rule:—

Calculation of leave on average pay of military officers in civil employ who remain subject to military leave rules.

Audit instruction.—In reckoning service for the purpose of calculating leave to military officers in temporary civil employ a period of six months should be excluded after the expiry of the privilege leave mentioned in Fundamental Rule 100 (a) (1), whether this is taken by itself or combined with other leave.

Date of effect—25th October 1926.

Fundamental Rule 98.

Insert the following under proviso (a):—

Interpretation of proviso (a).

Audit instruction.—Proviso (a) of this rule does not override rule 16 of the High Court Judges' (India) Rules, 1922, which prescribes the amount of leave salary payable during leave but is to operate in addition to rule 16 of the High Court Judges' Rules.
